

CHARACTERISTICS

- Stainless steel construction
- Control panel with 10 programs
- Progressive air inlet -softair-
- Sensor vacuum control
- Sealing time control (seconds)
- Vacuum pump maintenance program
- Stop button to interrupt the cycle (with or without sealing)
- Easy maintenance
- Support videos for use and maintenance in www.zermat.es

TECHNICAL DATA

Exterior Dimensions	1980 x 1230 x 1180 mm
Chamber Dimensions	840 x 830 x 255 mm
Vacuum Pump	Busch 300 m3/h
Weight	685 Kg
Seal bars	2 x 840 mm (830 mm useful space)

OPTIONS

- Installation for inert gas injection in bag
- 1-2-Cut-off-seal
- Bi-Active sealing
- Assisted lid movement
