

# Automatic Shrink tank TR10

## Characteristics and technical data

**External dimensions:** 1420 x 1050 x 1800 mm

**Internal dimensions:** 1145 x 600 x 418 mm

**Immersion depth:** 300 mm

**Electric connection:** 380V 3F / 220V 3F

**Pneumatic connection:** 6 bar

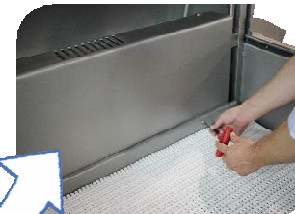

**Power:** 22 Kw

**Water connection:** 2"

- Robust stainless steel construction Aisi304
- Water heating by electric resistances or by steam supply connection.
- Programmable water temperature until 92°
- Automatic water inlet
- Connection with upper steam outlet
- 10 editable programs
- In accordance with the Security and Prevention CE Norms

**Inlet photocell detection**  
**Adjustable immersion time-out**  
**Possibility of cycle without shrinking**

**Submersible inner conveyor**  
**Quick and easy disassembly for cleaning**  
**Simple and robust construction**

Sincronization with other equipment or packaging lines
